PROFILE

I am a dedicated MERN full-stack developer with in-depth knowledge of building dynamic and efficient web applications using MongoDB, Express.js, React.js and Node.js. With a strong foundation in full-stack development, I am passionate about building robust and scalable solutions that meet users' needs. I graduate in 2023 with a degree in Information Technology and am excited to apply my skills and knowledge to real-world technical challenges.

EDUCATION

VEER BAHADUR SINGH PURVANCHAL UNIVERSITY

UNS Institute Of Engineering & Technology

Bachelor of Technology in Information Technology

2019-2023

Jaunpur, U.P.

Pass with - (67.83%)

BOARD OF STATE U.P.

Satyendra Inter College

High School

Intermediate

2016-2018

Ballia, Uttar Pradesh

Pass with - (58.00%)

Pass with - (83.16%)

WORK EXPERIENCE

REACT DEVELOPER

TAKSH IT SOLUTIONS PVT. LTD, NOIDA

July2024 - Present

I'm developing MLM software using React.js for a dynamic frontend, Node.js with Express.js for a robust backend, and Microsoft SQL Server for efficient data management. The application will streamline multi-level marketing processes with scalability and performance.

FULL STACK DEVELOPMENT INTERN

BHARAT INTERN, BHOPAL

Jun2024 - July2024

Worked as a Full Stack Development Intern, where I developed a project that included creating a personal "Portfolio" website. This experience sharpened my skills in the MERN stack, allowing me to design, code, and deploy a fully functional web presence to showcase my work and abilities.

FULL STACK DEVELOPMENT INTERN

COGNIFYZ TECHNOLOGIES, NAGPUR

Apr2024 - May2024

Worked as a Full Stack Development Intern, where I developed 'PassOP,' a robust application focused on secure password management. Gained hands-on experience in the MERN stack, including designing, coding, and deploying the project, while enhancing skills in building scalable and user-centric web applications.

PROJECTS

MY PORTFOLIO

Jun2024

The "My Portfolio" project is a comprehensive showcase of my skills, experience, and achievements. It is designed to provide potential employers, collaborators, and clients with an in-depth view of my professional journey. The portfolio highlights my technical proficiencies, creative projects, and personal accomplishments in a visually appealing and easy-to-navigate format.

Features: Resume, Responsive Design, Personal Bio, Tech Stack, Project Showcase, Contact Form

Tech Stack: HTML5, CSS3, JavaScript, React.js, Node.js, Express.js & MongoDB

SPOTIFY-WEB PLAYER

May2024

Spotify Web Player is a responsive web application designed to replicate the user experience of the popular music streaming platform Spotify. Developed using front-end technologies like HTML5, CSS3, and JavaScript, this clone provides users with a familiar interface with similar functionalities.

Features: User Authentication, Playlist creation, Playback controls, Responsive Design, Integration with Spotify API

Tech Stack: HTML5 CSS3 & JavaScript (ES6)

ADDITIONAL INFORMATION

Technical Skills: HTML5, CSS3, JavaScript, JS Frameworks, React.js, Node.js, Express.js, MongoDB

Soft Skills: Communication, Teamwork, Responsibility, Creativity, Leadership, Problem-solving

Certificates: Front End Development & Full Stack Development (Great Learning)

Aria of Interest: Technology, Travelling & Photography

Language: Hindi & English
